

*Real People . . . Real Faith . . . Real Future*

June 12, 2022

The meeting began with an opening prayer from Jim Philpott.

A "hearty" breakfast was enjoyed thanks to the work of Cooking Team. No Heart attacks have been reported from the previous Men's Breakfast.

Dickson de la Haye conducted the meeting and started with an introduction of Catherine Wicker. She is the organizer for Corridor Interfaith Alliance for Families. She presented a discussion on the need to get people registered to vote, the tragedy in Uvalde, the need for changes, and the effects of the Covid lock down on the youth. As I understood the role of Catherine, she is to organize; to get people to "DO". I found her to be a well-spoken and an enjoyable young lady.

Dickson gave an update about the use of the campus for the Pumpkin patch. Glad to be able to rekindle the "patch" after a Covid Layoff. Also received information about the new pastor, Matt. Several have met him and all have reported that he is a delightful young person and looking forward to having him here in Buda and joining the Men's Group.

Gary Lindahl reported his attendance to the Rio Texas Conference and especially the Bishop's good sermon on "don't hesitate to do the next right thing".

We were all reminded to wear our name tags for Pastor Matts benefit

The meeting was adjourned.

\$80 was collected.
